And What Have You

By BOB CRAIG

One of the main topics of conversation around town the past few days, besides the volleyball tournament, has been the upcoming Daylight Savings Time that Texans will have to get used to this year.

The change will take place the last Sunday of this month and run through the last Sunday of October. The biggest problem will be getting to work on time Monday, May 1. Since we will be moving the clock up an hour when we go to bed, we will find ourselves either an hour late for work or minus an hour's sleep.

One of the main questions being asked, of course is why? People keep asking why fool around with changing the clocks, why not just go on like we have always done?

The main reason seems to be that they have had Daylight Savings Time back East for a number of years because they do not have the benefit of all the sunshine that we have here and have changed their clocks to take advantage of what they do get. The resulting madness of different times in different parts of the country has created too many problems. Some states have been changing while their neighbors have not and even within states there have been some areas changing and others not.

So the Congress stepped in and said that everybody would go on Daylight Savings Time unless the State Legislatures passed a resolution exempting the state from it. The Texas Legislature has just rejected such a resolution, and therefore we will have our first experience with it.

I don't really believe that it will create nearly as many problems as some people seem to think. Most of us just live by the clock — we get up when the clock tells us to and we go to bed when it says it is time. I suspect that we will continue to do the same.

I know that when you go into a different time zone there is no real problem except on the days you make the change.

Sportsmen, golfers and others that spend leisure time outdoors are the ones that will benefit by the change. For example when fall comes and Dove season opens it will be much easier to get in a hunting session after work.

The main problems that I can see now are those activities that need darkness such as drive in movies, night football games, etc. They will have to be scheduled later, and when they are it will make a shorter night.

The first three or four football games this fall will probably have to start a half hour or hour later than they have in the past so that the games will not be played during that twilight time when the lights fail to do much good.

But all in all I doubt that we will really notice much difference after the first week or so.

This is being written before the first session of the Jaycee Volleyball Tournament (partly because we were not sure that we would be able to work the typewriter after the first night.)

Because of this we do not know how everything will go, but do hope that a crowd turns out for each of the three nights. If you miss the first two nights be sure and go tonight for the finals.

In case you do not go to the Post Office very often you may not know that they now have gone first class with a stamp vending machine in the lobby. This should be a real service to the public since I know that a lot of people find themselves without stamps after the Post Office closes.

Speaking of new things, have you noticed the additional parking lot that the Bank has put in just north of their other parking lot. This should be a help to the downtown business area.

We received the following note last week from Larry and Doris Janke of Houston:

"I am sending a check for the paper for one year. Must say we really do look for the paper to catch up on all that's new in Hamlin since we moved last May. Thanks."

FENCE ENCLOSES COURTYARD—Mr. and Mrs. Raymond Scifres and daughter, Loutanna, stand inside the area enclosed with a fence erected by Scifres and his employees last week. Mr. and Mrs. Scifres and their children, Loutanna, 3, and Joe Dan, 7 weeks, contributed the fence to the Hamlin Jaycee's community building project. The seven-foot fence joins the community building to the storage sheds just north of the building.

Scifres Family Donate Fence to Jaycee Community Building Here

A fence constructed last week at the Community Building was a gift from Mr. and Mrs. Raymond Scifres in the name of their children, Loutanna, 3 and Joe Dan, 7 weeks.

When the building was nearing completion, Scifres

and his wife, the former Ella Mae Turner, discussed making a contribution to the project. They wanted to make a contribution to the Jaycees worthy project that would be of benefit to the community now and in the future.

Scifres, himself a Jaycee,

talked with other members and they decided that a good fence was needed badly at this time. The best tool felt that this was the best contribution and plans were made for Scifres and his employees to do the work. The fence was completed last week.

The seven foot fence of V groove galvanized steel was constructed with 2 x 6 boards on eight inch cross-treated posts. A 12 foot gate was placed at the east end of the building. The fence connects the community building with the storage sheds in the back of the building and completely encloses the back courtyard. Cost of materials and labor was \$310.

Scifres, a farmer east of Hamlin also farms for Pied Piper Farms and is in charge of their custom farming operation. His crew includes Curtis and J. W. Scifres, Carl Wall and Benny Gutierrez. All of these men worked on the fence construction.

Guy Weaver, Jaycee president, expressed appreciation on behalf of the club for the valuable contribution to the community building project.

Campbell, Toler, Weaver Elected To City Council

George Campbell and Irby Weaver were re-elected to the City Council here Tuesday, each receiving 62 votes. Also elected was Holly P. Toler with 57 votes.

Joe E. Ford received 12 write-in votes.

Mrs. Billy Joe Wilson and Mrs. O. H. Weaver of Hamlin Flower and Fashion Shop were in Dallas this week for a dress and gift market.

Volleyball Finals Set Here Tonight

Semi-finals in the Jaycee Volleyball Tournament will start at 7 p.m. tonight (Thursday) at the high school gymnasium. Finals in the consolation bracket will be at 8:30 and championship finals at 9:10.

Competition is reaching a high pitch as the stronger teams are battling it out. Dan Truelove, who is co-chairman of the project with Earnie Reusch, said that the games would be close and should prove very interesting for the spectators.

Large portable fans were moved in to cool the gym.

Crowds the first two nights were not as large as the Jaycees had hoped, although there was a fair turnout.

The Jaycees invite everyone to attend the tournament. It offers a good evening of entertainment and people that have not kept up with the event may be surprised to find their neighbor playing on a team.

The first games at 7 p.m. will be the Coin Cleaners vs. the Out Casts in the consolation bracket and in consolation the Flub-Ups will meet the Literary Ladies.

Games at 7:30 in the consolation bracket will be Firebugs vs. Waterbugs and Ward's Wonders vs. Lions Loafers.

At 8 p.m. championship semi-finals pits the Hog Slopers against the Jaycee Jokers and Mac's Masters vs. the Jaycee Jumping Beans.

Consolation ladies' and men's games will be played at 8:30. The Chevrolet Cuties will play the winner of the Flub-Up - Literary Ladies game.

Both championship games will be at 9:10 with 10 minute periods being played.

In the women's division the Heidenheimers' Honeys will play the winner of the Coin Cleaner - Out Casts match.

Incumbents Win School Trustee Election Saturday

Dr. James E. Harrison and Lewis Earl Madden were re-elected to the Hamlin School Board in Saturday's election. A total of 123 votes were cast. Harrison received 120; Madden, 109; and Burt Oliver, 20. Otto Sosebee was elected County Trustee at Large.

Demonstration On Speed Reading Planned Tonight

A free demonstration meeting on the Optimation Speed Reading Course will be held tonight (Thursday) at 7 p.m. in the high school auditorium.

Phil Speer of Trent will be discussing the Optimation course that is offered nationwide and guarantees 1000 words per minute or one book per hour with good comprehension upon completion.

adults and 25 cents for students.

The Jaycees and Jayceettes are operating the concession booth and are serving drinks, sandwiches, candy, brownies and pop corn.

Proceeds from this project will be used to buy materials

for the finishing of the inside of the community building.

The Jaycees plan to place a dropped ceiling in the building and anticipate the proceeds to help cover this expense. It is estimated that materials will cost about \$500.

Pipers to Vie for District Sat.

The Pied Pipers are expected to be in contention for District honors Saturday when the District 5-AA track meet unfolds in Colorado City. The Pipers will have 18 boys in the meet that will get underway at 9 in the morning.

Fairview News...

By MRS. ELMER JOINER
March, as a whole month, was unusually pretty weather but last Wednesday the weather decided to play a trick on us and send us an old time sand storm. The wind blew and the sand got in the air all day, then in the night it really got bad, so we all had to clean out the dirt, just reminding us that it still could deal us misery coming in every little opening that it could find.

Although it has been cloudy most of the week, no rain fell in our vicinity. The weather man says all chances for rain have dissipated, but this is April, we can't help but look for those April showers any time. It is too late for wheat, some have already plowed it up, some will have a little bit to combine, and it will be a little bit. It is time to plant maize but you can't plant it in dry dust, makes you wonder what the outcome will be.

Mrs. Alma Holmes is still in the Anson Hospital, seriously ill.

Last Saturday visitors of the E. A. Henrys were, Mrs. Mary Sue Henry of Rule, and her daughter, Mr. and Mrs. Dan Zachary, Lubbock.

Mr. Henry is much better with his ear infection, caused by an allergy to his hearing aid. His doctor has assured him that he can make him one that he can wear.

Mr. and Mrs. T. E. Dixon, Carlsbad, N. Mex., spent last Wednesday with his sister, Mr. and Mrs. Elmer Joiner. The Dixons were in the process of moving back to Parlier, Calif. where they lived once before for a while. Another sister, Mrs. Woodrow Goodwin also visited with them.

Mr. and Mrs. H. L. Ford were Tuesday night visitors

of Mr. and Mrs. Flavel Holmes.

The Roy Taylors, of Muleshoe, were by Thursday morning enroute from their cabin on Hubbard Creek Lake. This trip they had a well drilled on their lot, getting a good well of water suitable for drinking. Since this has been the biggest drawback, the lack of water, they are very happy over the well, having always been told that only salt water could be obtained. They are going back real soon and add to their cabin, getting the water in it, getting ready for codes of company. We may even use our key more when they get an abundance of good water down there. It is really wonderful to have friends build a cabin and give you a key.

Mrs. Fred Rosenbaum spent Wednesday afternoon with Mrs. Henry. Tuesday visitors of the Henrys were friends from Rule, Mrs. Baker and Mrs. McCollough.

Mrs. Woodrow Goodwin started working in Howards Drug Store last week. If you don't work now you are behind times, guess I am real old fashioned, since it has been so long since I have done any work of any kind.

Would like to mention again about the marker that is being planned for the former site of the Fairview church. It seems that most people hardly know what to do about making a donation but do want to have part in it. If you would like to see this completed, send either a donation, or promise of one, so they will know what can be done. Send your donation to either of the following: H. L. Ford, Route 1, Bert Fomby, Route 1, or Johnnie Agnew, 32 N W Ave. A, all of Hamlin, Texas.

SS Representative Explains Earning Regulations

Social security beneficiaries who worked in 1966 may still receive some payment even if their earnings went over \$1500 by several hundred dollars last year, R. R. Tuley, Jr., District Manager of the Abilene office said today. To claim those benefits a beneficiary must file an annual report of earnings for 1966 on a form provided by the Social Security Administration.

Tuley stressed that beneficiaries who earned more

than \$1500 in 1966 should file an annual report if:

--their actual earnings are less than original estimates, which would allow some benefits to be paid;

--they earned less than \$125 in any one month as employees;

--as self-employed persons, substantial work was not performed in one or more months.

Beneficiaries who believe they might qualify for payment based on one of these conditions should not delay filing an annual report, Tuley said. The deadline for filing annual reports has been extended two days beyond the usual date to April 17. Filing later than April 17, he cautioned, may result in the loss of benefits.

What people are saying about...

A CLEAN BREAK WITH THE PAST

"I would have nothing but an electric Gold Medallion home," says Mrs. Bob Corkins of Alpine, Texas. "I like the low operating cost," says Mr. Corkins who thinks the electric bill a good value. Kathy, age 5, and Greg, age 10 months, smile contentedly, and that means they like the comfort of total-electric living.

The Corkins' Early American style home has 7 rooms, 2 baths, and a covered patio—2,000 square feet of living space. The only fuel used for all purposes is electricity. It operates a 4-ton heat pump with 15 KW Auxiliary Strip heating, 4-ton refrigerated air conditioner, electric range, washer, dryer, disposal, dishwasher, refrigerator, freezer, two 1.3 KW bath heaters, and Medallion light for living, yet operating cost averages only \$38.03 per month—22.8¢ per square foot per year!

The Corkins have been living better electrically since 1959 and are well pleased with it all. "I love electric cooking," Mrs. Corkins says. "It's much better, faster and cleaner." The Corkins especially like the even heat throughout the house, and let the temperature stay at 70° year-round.

Would you like to live in total-electric comfort? Then see your electric contractor or visit WTU.

VARIETY CLUB

The Variety Club met in the home of Mrs. Charlie Letz on Tuesday of last week. Eleven members were present. After the business meeting the group played games of Bridge and 84.

Last Saturday seven members of the Variety Club went to Abilene, ate lunch and spent a very enjoyable day in Old Abilene Town. Those who went were Mmes. Garrett Spitzer, Charlie Letz, Lynn Flowers, Katie Gerloff, Bill Tipton, Beno Herttenberger, and A. R. Sawyers.

Mr. and Mrs. Jerry Callioatte and children Guy and Jill of Monahans were here last weekend visiting in the home of their parents, Mr. and Mrs. Charlie Letz and Mr. and Mrs. Delos Callioatte.

Mr. and Mrs. Thomas Letz and Bryan were also here visiting in the Charlie Letz home and also in the home of her parents, Mr. and Mrs. C. T. Pierce, Debbie and Denice.

Mrs. Annie Wheeler of Stamford passed away in her home last Friday. She was the mother of Mrs. Cecil Klump. Funeral services were held Sunday at 3 p.m. at Orient Street Church of Christ in Stamford. Dale Foster, minister, and Dale King, minister of Oliver Street Church of Christ, officiated.

Burial was in Highland Memorial Cemetery. Mr. Wheeler died in 1963.

Survivors include, Mrs. Klump, her daughter; and three sisters, Mrs. F. D. Powell, Abilene, Mrs. A. F. McNamara of McCamey and Mrs. Rachel Cooper of Calif.

Old Glory School placed second with their presentation of "A Sunny Morning" in the Interscholastic League District 12-B one-act play contest in Rule Friday night.

First place went to Rochester for "Mooncalf Mugford".

The Old Glory play was directed by Mrs. Cecil Klump. Gary Moore was named on the all-star cast for his very fine portrayal of Don Gonzalo, an old Spanish gentleman. Rebecca Letz was named best actress for her characterization of an elderly Spanish lady, Dona Laura. This is Rebecca's second year to win the best actress award in District. Also this is the sixth consecutive year that a girl from Old Glory High School has won the best actress award in District.

Other members of the play cast included Judy White who played the part of a maid, Petra; Kenneth Jones, Juanito, a servant; Joe Castro and Herbert Woodbridge, two priests; Rita Baldrée, nursemaid; Violeta Castro, girl selling flowers; and Stephanie Letz was stage technician.

Mr. and Mrs. Louis Spitzer, accompanied by his mother, Mrs. Fred Spitzer of Haskell, attended the annual Spitzer family reunion in Brenham last weekend.

Mr. and Mrs. Alton Boles of Sulphur Springs were here last week visiting in the home of his parents, Mr. and Mrs. L. B. Boles and Joe Mack.

Mrs. Katie Gerloff visited in Abilene last weekend with her son and his wife, Mr. and Mrs. Raymond Gerloff.

Mr. and Mrs. Herbert Klump and their daughter, Mrs. Allen Letz and Dale Letz spent last weekend in Arlington visiting in the home of another daughter of the Klumps, Mr. and Mrs. Pete Elliott.

Mrs. Vera Beil attended the meeting of Beta Chi Chapter of Delta Kappa Gamma in Haskell last Saturday.

Mr. and Mrs. Wesley Tabb and children of Odessa visited here with her parents, Mr. and Mrs. Herbert Klump, last Friday night.

Mr. and Mrs. Cliff Gholson visited her mother, Mrs. Hudson, in Abilene last Sunday.

Albert Kleppe and two of his children were dinner guests in the home of Mr. Mrs. George Rhoads last Sunday.

Mr. and Mrs. Buster Tredemeyer visited in and near Austin last week with her sister and her husband, Mr. and Mrs. Milton Schmidt, and also his brother and his wife, Mr. and Mrs. Weldon Tredemeyer.

About .3 inch of rain fell in Old Glory last Friday morning, once again bringing hopes that more will follow.

Safety Director Warns of Tornado Season Ahead

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, today urged Texans to review tornado safety precautions.

"While tornadoes can occur any time of the year," Garrison said, "April, May, and June are the peak months."

U. S. Weather Bureau records indicate that Texas leads the nation in total number of tornadoes per year. The annual average of 80.7 is based on a record of 1,210 confirmed tornadoes from 1951 thru 1965.

"It is especially important for every school, church, hospital, hotel, business house, and industry to establish an emergency plan," Garrison said. "To know what to do when a tornado is approaching may mean the difference between life and death."

A circular on tornado safety is available from most local Civil Defense offices.

DEEP HOLES NEED MANY DRILL BITS

Drilling for oil to a depth of 10,000 feet requires changing the drill bit an average of 30 times.

For each change, every foot of pipe must be brought to the surface and then put back again after the new bit has been installed.

Precious SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice this Sunday.

Everyone in the Church
The Church in Everyone

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Announcing Buick's new GS-340.

(The miniprice GS-400.)

If you read the papers, you know how great our now-famous GS-400 is. (It's the one in the background.) And you also know you don't get a GS-400 for peanuts. It's a great car. But it's just a little rich for some people. So we set to work and designed the GS-340. It has a smaller engine (but the whole machine weighs less). Its

interior is clean and simple and tasteful. And it has its own ornamentation, paint job (see the rally stripe and hood scoops?), and, of course, all the GM safety features. So now you have a car that costs less than the GS-400. But one with its own special brand of excitement. How can you beat that kind of a combination?

Neinda Philosopher Figures Out Way to Wash His Hands of Any Blame, For the Crime Wave

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One looks at the crime situation this week.

Dear editor:

According to a copy of a newspaper I pulled off my front gate yesterday before it broke it down — my gate is sort of like my financial situation, so delicately balanced the slightest additional load could collapse it — 53 per cent of the crime in this country is committed by youths 19 years or younger, mostly by 15 and 16-year-olds.

Since the figures came from a national crime study committee I suppose they are accurate, although I know of very few bankers 19 years old or less who have been convicted and you rarely hear of a 17-year-old politician caught misappropriating funds.

At any rate, in the same paper there was an article saying the bulk of the working and spending force in America is now under 30 years of age. There are older people working and spending of course, but the majority is under 30, and any company wanting to sell big has to reach that group, and any politician wanting to win an election has to get that vote.

I won't argue with these statistics, but I got to thinking. If a majority of the money and the votes is in the hands of people under 30, and most of the crime is committed by people under 19, what have the rest of us got to worry about?

An elaborate program has been planned for the cotton group including meetings with senators from across the cotton belt, members of the Cotton Sub-Committee of the House Agriculture Committee and members of the Senate Committee on Agriculture.

Texas Farmers Union President, Jay Naaman of Waco, will lead the cotton delegation. Those attending from Jones County include John Scarborough, Jones County Farmers Union President, Stuart Propst, and Kenneth Herndon. Naaman said, "We are asking farmers to take a couple of days off their farms to speak

up on the problems facing Texas' cotton growers where their words will directly reach those who are making the decisions that affect prices and costs".

The trip to Washington will give cotton farmers an opportunity to discuss the injustice placed on them by quality differentials which will cost Jones County Farmers from \$5.00 to \$10.00 per bale. Also among the priority considerations will be strong support for the allocation of additional projected yield to Texas to correct previous inequities in skip-row and other areas; urge future sales policies of CCC cotton to give the farmer more headroom to market the current crop without government competition; seek reasonable protection in Common Market negotiations; seek restoration of 95% prop in regulations to protect disaster areas; and establish need for permitting skip-row planting without a penalty.

By MRS. R. M. BABB
Here it is the third day of April and Spring is really here. Everything is so green. You can't see the neighbors house because the trees have so many green leaves on them. The fruit trees are so beautiful and loaded with fruit. We hope it doesn't come a hail storm, however there is some one that knows better what we need than we do.

We had a very good group in Sunday School and Church Sunday. Visiting with us were Mr. Mike Dobbs of Big Spring and Mrs. Thomas Kiser of Hamlin.

Mike and Kay Dobbs and son, and Mr. and Mrs. Jimmy Purvis of Euless were weekend visitors in the Woodrow Lawlis home. Mike and Kay live in Big Spring.

Don and Stella Kelly bought a house and have moved it in. They were working on it when he was injured. They have since finished it and moved in last Saturday, we are very glad for them as it is a larger house and they will need more room.

TB Fund Drive Nets \$1,807.71 In Jones County

At the annual dinner meeting for the Jones County Tuberculosis Association, a total of \$1,807.71 was reported received in the county from the TB Seal drive. This was \$48.06 more than last year.

Leldon Clifton, president, presided at the meeting held Monday evening at Lee's Cafe.

During the past year 300 TINE tests were given in It was reported that there are no positive cases of TB in Hamlin.

Hamlin led the list in the amount of money contributed with \$623.54. Others and the amounts collected are as follows: Stamford, \$610.55; Anson, \$339.11; Lueders, \$79; Hawley, \$85.97; Avoca, \$60.62; and Noodle, \$9.02.

Only three cases were sent to the sanatorium from Jones County.

The oil industry is conducting research to find entirely new techniques for drilling.

on the Supreme Court's rulings. It would be handy to put the blame there, but I'm afraid there's very little connection between a missing hubcap or a shot-out school window and the Supreme Court.

Rolling Plains Cotton Growers Re-elect Officers for Second Term

J. B. Cooper, Jr. of Roscoe was re-elected president of the Rolling Plains Cotton Growers at the annual meeting of the association. Other officers elected were: Sammy White of Knox City, vice president of the Northern Region, Neuman Smith of Ballinger, vice president of the Southern Region, and Johnny Hansen of Avoca, secretary.

The remaining six executive board members of the 10 man executive board include: Joe Liles of Childress, Earl Shields of Clarendon, L. H. Wall from Fargo, R. A. Shaver, Jr. of

Rochester, Ray Herring from Fluvanna and R. O. Werner of Miles.

The Rolling Plains Cotton Growers is a producer organization in the Rolling Plains dedicated to improving conditions under which cotton is grown and sold in the area. The board members elected will serve one year terms and will seek to carry out a program that will be beneficial to the area economy. Decisions made by the Executive Board are subject to the approval of the full board of directors (2 from each of the 32 counties in the organization).

Two Area Men Named On Cotton Producers Institute Board

Certified cotton producer organizations in Texas have caucused and selected representatives to serve on the Board of Trustees of the newly incorporated organization which has assumed the name of Cotton Producers Institute. The new organization has been formed to contract with the Cotton Board for developing and carrying out the dollar-a-bale program of research and promotion for cotton.

Texas will have 12 men on the 51 man board. Two of the 12 from Texas are from the Rolling Plains area. They are Aubrey Lockett, farmer and seed breeder from Vernon, and Charles Stenholm, farmer and executive vice president of the Rolling Plains Cotton Growers. Others on the Board include: John Abbott of Harlingen, Howard Alford of Lubbock, Roy Forkner of Lubbock, W. W. Hart of Sinton, Joe B. Pate, Jr. of Lubbock, Lawrence J. Petersen of Danewang, Dan Pustejovsky of Hillsboro, R. L. Skov from El Paso, J. D. Smith from Littlefield and L. C. Unfred from Tahoka.

The Cotton Board has met

initially and proposed the first buyer be the collection point for the dollar-a-bale assessment to finance the program. The Board met again April 3 to prepare other rules and regulations for collection and refund of assessments as well as record keeping and reporting procedures. J. B. Cooper, Jr. a Roscoe farmer and president of the RPLG, is serving as one of the five Board members from Texas.

H-SU Rodeo Group Due Here Today

A delegation from Abilene will travel to area communities today (Thursday) to promote the Hardin-Simmons University Intercollegiate Rodeo. They will be in Hamlin at 2 p.m.

Claude Hicks, president-elect of the H-SU Alumni Assn., and chairman of the rodeo promotion committee, gave the following schedule for their other stops: Stamford, 9 a.m.; Haskell, 9:45; Rule, 10:30; Aspermont, 11:30 a.m.; Rotan, 1:15 p.m. and Anson, 2:45.

.03 Measured Here

On the last day of March a slight reading of precipitation was recorded at the Hamlin Pump Station.

Only .03 could be measured after light rain and mist fell during the morning last Fri.

STATE CAPITAL

Highlights

AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN-- Prepare to move the hands of your timepieces forward one hour on April 30. Otherwise you'll not be in tune with the "times."

Texas, along with virtually all other states, is going on Daylight Saving Time for the summer months and until October 29.

A bill to exempt the state from provisions of the federal Uniform Time Act of 1966 (DST) was killed by a 56-90 vote in the House of Representatives.

House members debated the bill by Rep. Will Smith of Beaumont for more than an hour before rejecting it.

Federal law now requires DST from the last Sunday in April to the last Sunday in October except in those states which pass specific legislative exemptions. So far, only Michigan has voted exemption.

Broadcasters, railroads and airlines opposed the bill. They emphasized the need for uniformity of schedules among states.

Smith argued eloquently-- but unsuccessfully-- that DST is "an artificial, unnecessary thing."

Operators of theaters, restaurants and farms backed the exemption measure.

Opinions differ as to whether Texas, once on DST, can ever get off. Amendments calling for a "trial run" and for a statewide referendum on the issue were resoundingly defeated.

House has approved and sent to the Senate two proposed constitutional amendments. First calls for four-year terms for all statewide officials; second for annual sessions of the Legislature.

An earlier long-term amendment was defeated by Texas voters in 1965. Issue will be re-submitted in November of 1968, if the Senate passes this bill.

Legislative sessions during even-numbered years would be limited to budgets, taxes and emergency measures submitted by the governor. Governor Connally strongly backs both bills.

Appropriations bills are nearing a vote in the Senate and House. Decisions -- plus those on teacher pay bills to follow -- hold the key to the size of the tax bills Texans soon will have to pay.

Senate bill calls for general fund spending in 1968-69 totalling \$846,800,000 (\$4,700,000,000 from all sources). This is \$220,000,000 above the presently appropriated revenues. But even that high figure is \$64,600,000 below the basic general fund outlays recommended by Gov. John Connally.

Sen. A. M. Aikin of Paris, Senate Finance Committee Chairman, says the Senate bill is \$18,000,000 to \$19,000,000 above Comptroller Robert S. Calvert's latest income forecast. But apparently there is hope that Calvert will certify the measure without new taxes.

Drivers Education Course Set Here Beginning Apr. 17

Driver's Education classes for beginning drivers will be conducted for students of Hamlin Schools beginning Apr. 17, according to Earnie Reusch, instructor.

The classroom phase will begin at this time. The one and one-half hour sessions will be held three days each week. Driving instruction will begin in May after the close of school.

Reusch said the first 35 students 14 years of age or older would be accepted. Fee for the course will be \$25 and should be paid to Coach Reusch before Apr. 17.

Previt Motors will furnish a dual control car to be used during instruction.

C. L. Howard, County Chairman, Names Cancer Crusade Workers

C. L. Howard, chairman of Jones County Cancer Crusade, announces that plans are being completed for their annual drive during the month of April.

Ladies of Hamlin Chapter No. 460 of the Order of Eastern Star assembled material Monday that is to be used during the Crusade. A folder for each worker in the county was prepared.

Taking part were Mmes. I. D. Miller, James Stewart, Jack Bessire, Cal Sewell, Clarence Hyer, Jack Vaughan and C. D. Bond.

People, who will not be at home during the drive, are urged to make their special donation direct to their local chairman. Business districts will be covered during the second week and residential drives will be conducted around Apr. 18. These dates coincide with the nationwide crusade set by the American Cancer Society.

Everyone is urged to give according to their ability and interest to help find a cure for this dread disease, Howard said.

Local chairman for Jones County are as follows: Noodle, Van Rutherford; Hodges, Mrs. Frank Ledbetter; Stith, Mrs. Fletcher Jones; Hawley, C. E. Womack and Mrs. Polly Phifer; Anson, Business, Jim Heidenheimer and resi-

Nazarene Revival Planned for Two Weekends Here

The spring revival at the Church of the Nazarene will open this weekend with services at 7:30 p.m. Friday and Saturday and services Sunday at 10:45 a.m. and 6 p.m. Services will then resume on Friday of next week for the conclusion of the revival, following the same schedule.

Rev. Carl Donelson of Bethany, Okla., will be the evangelist. He is a veteran of 12 years service in the Air Force and pastored the Nazarene Church in Vernon before moving to Bethany.

Rev. Marshall Stewart, pastor, said that Rev. Donelson is a very forceful, biblical preacher and assures everyone that they will enjoy his ministry.

The music will be under the direction of the Sophomore girls trio from Bethany College, Bethany, Okla. Rev. Stewart said "This will provide a real variety of music for everyone to enjoy."

The congregation extends a cordial invitation to the community to attend any or all of these services.

Mrs. F. W. Poe, 81, Neinda Pioneer, Dies Here Thurs.

Mrs. F. W. Poe, 81, died at 1:15 p.m. Thursday at Holiday Lodge after an extended illness. She had lived in Neinda for 50 years.
